*Univerza v Ljubljani*

# Erasmus+ project: Consortium partners

- University of Ljubljana
  - Project leader: Prof. Dr. Špela Vintar  
[spela.vinter@ff.uni-lj.si](mailto:spela.vinter@ff.uni-lj.si)
- University of Zagreb
- Johannes Gutenberg University Mainz
- Charles University in Prague
- University of Leeds
- Lexical Computing CZ s.r.o.

# Objectives

- Create a model curriculum for Digital Linguistics
  - A trans-European [survey](#) among employers and end-users about the skills and competencies of future graduates has been conducted
- Train the teachers in relevant disciplines in the use of authoring tools and in the design of online learning materials
- Design online courses for selected modules
  - in compliance with open e-learning standards
  - cross-evaluated by partners: teachers and students, participants of the DigiLing summer school

# Model curriculum

Digital Linguistics							
		Foundations		Methods & Tools		Research & Applications	
1st & 2nd Semester		Linguistics	Multilingual Communication	Digital Content Authoring	Text Analysis	Application-oriented Techniques	
		Programming & IT	Digital Media	Statistics	Ethics & Law	Project I / Internship	
3rd Semester		Special Topics in: Linguistics / Multilingual Communication / Programming & IT / Digital Media		Elective Topics from Digital Humanities  Free Electives		Project II	
4th Semester		Recent Advances in Digital Linguistics			Research & MA Thesis		

# MA in Digital Linguistics

Joint MA program in a process of accreditation

- University of Ljubljana
- University of Zagreb
- Masaryk University in Brno

# Online courses for selected modules

- Introduction to text processing and analysis
- Introduction to Python for Linguists
  
- Variability of languages in time and space
  
- Computational lexicology and lexicography
- Mining and Managing Multilingual Terminology
  
- Localization tools and workflows
- Post-Editing Machine Translation

# Events

- DigiLing Train the Trainers 2017
  - A 1-week staff training workshop organised by University in Leeds
- DigiLing Multiply 2018
  - A co-located event with the ITMed2018 – Summer School of Information Technologies and Media in Zadar
- DigiLing Summer School 2019
  - A summer school to test and evaluate the developed online modules in Prague
